

**JHS HYDRAULIC STACKERS**

- Economical and ergonomic way to handle standard 40" x 48" pallets
- Works like a manual forklift to load or unload trucks or stock shelves
- Heavy-duty welded steel frame with a durable powder coat finish
- Powerful two-stage hydraulic pump features quick-lift with no load, top-of-stroke and safety overload bypass system
- Heavy-duty dual roller chain for exceptional strength
- Swivel casters feature foot brake to prevent movement
- Adjustable width forks and outrigger legs handle all pallet sizes
- Safety cage provides great visibility
- No tools required for optional steel platform

**OPTIONAL ACCESSORIES**

140523 - Steel Platform for JHS-2200
