

JMS-8 / JMS-10

JMS-10S

JMS-8 / JMS-10 MITRE SAW

- ◆ Machine base and table are precision machined
- ◆ Table swivels 46° l/r with 17 preset positions
- ◆ Easy bevel cut setting with adjustable stops at 0° and 45° l
- ◆ Table extensions give 730 mm total workpiece support
- ◆ Powerful 1200 W motor with JMS-8
- ◆ Powerful 1400 W motor with quick stop magnetic brake with JMS-10
- ◆ Built in arbor lock for easy, single wrench blade change (JMS-10)
- ◆ See-through self retracting blade guard
- ◆ The JMS-10 comes complete with workpiece hold down, table extensions, work stop, scale, dust bag and line laser
- ◆ 40 tooth carbide tipped universal sawblade standard with JMS-8
- ◆ 48 tooth carbide tipped sawblade is supplied with JMS-10

Stock number 230V	10000818M	10000820M
Model	JMS-8	JMS-10
Motor: P₁	1200 W	1400 W
Blade speed	4500 rpm	4500 rpm
Blade diameter/bore	210 / 16 mm	254 / 30 mm
Mitre capacity left/right	46° / 46°	46° / 46°
Pre-set-mitre angles	every 5° and 22.5°	every 5° and 22.5°
Bevel capacity	0°–45°	0°–45°
Cutting capacity 90° / 45°	max. 60 / 25 mm	max. 75 / 45 mm
Cutting length 90° / 45°	max. 120 / 80 mm	max. 135 / 90 mm
Weight	9.5 kg	17 kg

JMS-10S – SLIDE COMPOUND MITRE SAW

- ◆ Very quiet miter saw powered by a braked induction 1600 W motor which dramatically reduces the noise
- ◆ Table swivels both sides 45°
- ◆ Easy bevel cut setting with 9 pre-set mitre
- ◆ The base of the saw is cast from aluminum and has nine preset angles
- ◆ Precise ball bearing guides, as a result it is able to attain a high degree of accuracy
- ◆ Included in the standard equipment is a material clamp, fence and carbide tipped universal saw blade

Stock number 230V	10000825M
Model	JMS-10S
Motor: P₁	1600 W
Blade speed	2950 rpm
Blade diameter	254 / 30 mm
Mitre capacity	3 x 45°
Pre-set mitre angles	0, 15, 22.5, 30, 45°
Cutting capacity 90° / 45°	60 / 60 mm
Cutting length 90° / 45°	300 / 210 mm
Weight	22 kg
