

JSMS-10L SLIDE MITRE SAW

- ◆ Machine base and table are precision machined
- ◆ Table swivels 45° l/r with 9 preset positions
- ◆ Table extensions give 1030 mm total workpiece support
- ◆ Powerful 1500W motor with quick stop magnetic break
- ◆ Built in arbor lock for easy blade change
- ◆ See-through self retracting blade guard
- ◆ The JSMS-10L comes complete with workpiece hold down, table extensions, work stop, scale, dust bag and transformer operated line laser
- ◆ 40 tooth carbide tipped universal sawblade is supplied

Stock number 230V	10000826M
Model	JSMS-10L
Motor P₁	1500 W
Blade diameter / bore	254 / 30 mm
Blade speed	4500 rpm
Line laser	3V, 1mW
Base table size	500 x 140 mm
Mitre capacity	3 x 45°
Pre-set mitre angles	0°, 15°, 22.5°, 30°, 45°
Cutting capacity 90°/ 45°	90 / 42 mm
Cutting length 90°/ 45°	305 / 215 mm
Weight	18 kg

JMSTT-10 MITRE SAW WITH UPPER TABLE

- ◆ Wide scope of application, the machine can perform mitre, bevel and table saw cutting
- ◆ Quick and convenient changeover of functions
- ◆ Full sawblade guarding in every operating mode
- ◆ Machine base and mitre table are precision machined
- ◆ Mitre table swivels 45° l/r with 9 preset positions
- ◆ Powerful 1400 W motor
- ◆ The JMSTT-10 comes complete with workpiece hold down, base extensions, work stop, saw guard, combined mitre gauge / rip fence and dust bag
- ◆ 40 tooth carbide tipped universal sawblade is supplied

Stock number 230V	10000822M
Model	JMSTT-10
Motor P₁	1400 W
Blade diameter / bore	254 / 30 mm
Blade speed	4200 rpm
Base table size	480 x 150 mm
Mitre capacity	3 x 45°
Pre-set mitre angles	0°, 15°, 22.5°, 30°, 45°
Cutting capacity 90°/ 45°	75 / 38 mm
Cutting length 90°/ 45°	127 / 85 mm
Top table size	425 x 300 mm
Depth of rip cut	40 mm
Width of rip cut	130 mm
Weight	19 kg
